Physics authors/titles "new" - arXiv In this work, we show the importance of considering a city's shape, as much as its population density figures, in urban transport planning. We consider in particular cities that are "circular" (the most common shape) compared to those that are "rectangular". American Journal of Physics and Applications :: Science ... American Journal of Physics and Applications (AJPA) provides a forum for the publication of scientific research and review articles. The journal publishes original research papers devoted to wide range of areas of physics and its applications. The topics included in this journal emphasize understanding of the physics underlying modern ...
